

PRECISION PARTS FROM INDIA: Low Cost & Safe Procurement

Many barriers can prevent companies to set up a business abroad: little knowledge of the country, distances, language, cultural difference...

GSI - Global Sourcing Industries is a Franco-Indian company established since 2007.

We supply and the deliver quality metal components to our European customers.

You place your orders directly to us. We have a qualified panel of regular suppliers specialized in different technologies: **casting, forging, machining, assemblies, sintering, gas cutting...**

GSI proposes you **20 to 30% cost saving** on selected components. We handle the logistic chain up to your door delivery.

We commit on:

- ✓ **Quality:** Strict control on parts and documentation
- ✓ **Logistic:** Fulfillment of the agreed lead times and packing methods
- ✓ **Technical support & improvement**
- ✓ Fulfillment of our **commercial agreement**

Many famous European companies already trust us.

Get in touch with us. You will do savings while making your supply chain safer!
